

Astronomy

Curriculum

Astronomy Grade-1

The Solar System; The Sun; The Moon; The Planets; Our Earth; The Stars; Logical Reasoning

Astronomy Grade-2

The Solar System; The Sun; The Moon; The Planets; Our Earth; The Stars; The Universe; Logical Reasoning

Astronomy Grade-3

The Solar System; The Sun; The Moon; The Planets; Our Earth; The Stars and Beyond; The Universe; Logical Reasoning

Astronomy Grade-4

Introduction to Astronomy; The Solar System; The Sun; The Night Time Sky; Our Earth; The Universe; Eclipses; Space Exploration; Logical Reasoning

Astronomy Grade-5

Introduction to Astronomy; The Solar System; The Night Time Sky; Earth and Moon; The Universe; Stars; Space Exploration; Logical Reasoning

Astronomy Grade-6

Introduction to Astronomy; The Solar System; Stars; The Earth and The Moon; The Universe; Galaxies; Space Travel; Logical Reasoning

Astronomy Grade-7

Introduction to Astronomy; The Solar System; Stars; The Earth and the Moon; The Universe; Galaxies; Space Exploration; Logical Reasoning

Astronomy Grade-8

Introduction to Astronomy; The Solar System; Stars; The Earth and the Moon; The Universe; Galaxies; Space Exploration; Logical Reasoning

Astronomy Grade-9

History of Astronomy; Sun Astronomy; Night Sky Observations; Planetary Science; Space Exploration; Astronomy Facts; Astronomy Concepts; Logical Reasoning

Astronomy Grade-10

History of Astronomy; Sun Astronomy; Night Sky Observations; Planetary Science; Space Exploration; Astronomy Facts; Astronomy Concepts; Logical Reasoning
